PROFESSIONAL PROFILE

Software Engineer with 2+ years of experience delivering scalable web, mobile, and backend solutions for high-traffic global sports platforms. Skilled in React, React Native, Java/Spring, and CI/CD pipelines, with proven ownership of end-to-end feature delivery, performance optimisation, and cross-team collaboration. Experienced in leading testing rollouts, modernising legacy services, and proposing AI-driven product improvements. Strong communicator who thrives in fast-paced, product-focused environments and consistently delivers reliable, user-centred solutions.

WORK EXPERIENCE

SOFTWARE ENGINEER

London | 2023-Present

PulseLive (<https://www.pulselive.com/>)

- **Delivered cross-platform features** across front-end (**React/Preact**), back-end (**Java/Spring**), and mobile (**Android & React Native**) for high-traffic global sports platforms including Premier League, Saudi Pro League, ECB, and FC Barcelona. Worked on large-scale projects with **daily ownership** of new features, bug fixes, UI enhancements, and **performance optimisation**.
- Led a business proposal on **AI integration**, exploring how PulseLive could incorporate **generative AI** into its offerings for clients. Outlined **use cases**, **tooling recommendations**, and **practical pilot opportunities** tailored to sports media and fan engagement.
- Led **Maestro testing** rollout for SPL and Premier League mobile apps, **coordinating with QA and developers**, standardising naming/tagging conventions, and centralising test documentation.
- Upgraded core services to Java 21 and **managed CI/CD deployments using ArgoCD** across staging, development, and production environments.
- Improved team workflows and cross-team communication by introducing QA sign-off processes, **leading planning meetings**, **relaying feedback to squad leads**, and driving testing alignment through shared Confluence documentation.

Technology Intern

London | 2021

Bright Network (<https://www.brightnetwork.co.uk/>)

- Conceptualised and executed projects from start to finish, defining goals, creating concept boards, collaborating with brands and delivering final products.
- Created a cohesive and polished aesthetic across all internal and external materials, such as the website, social media channels and presentations.
- Produced dynamic seasonal print and online catalogs, managing all aspects from merchandising and photography.

Programming Instructor

London | 2017-2020

Learning Leap Education

- Designed and delivered a web development curriculum for young adults, fostering a passion for programming and technology among students.
-
